

# Kiosk Self-Ordering TPK-156a

**15.6" Android OS RK3568 Quad Core Capacitive Touch TFT LCD  
True Flat Screen with Internal Metal Bracket  
Self-ordering, Payment, Wall-Mount Efficient Touch POS**

## TPK-156a Specifications

|                   |                                                                                                                                                                                                                                                                                 |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Screen            | 15.6" Full HD IPS LCD (Resolution 1920 x 1080) with Capacitive Touch, Brightness 350cd/m2                                                                                                                                                                                       |
| CPU               | Rockchip RK3568 Quad-Core Cortex A55 1.8GHz                                                                                                                                                                                                                                     |
| Memory            | DDR3 2GB x 1, Storage: 16GB eMMC, Option 4GB with 32GB or 64GB eMMC                                                                                                                                                                                                             |
| Printer           | 80mm SEIKO Head Thermal Printer Speed: 200mm/sec with Auto Cutter                                                                                                                                                                                                               |
| Barcode           | 2D Barcode Image Scanner CMOS Array sensor                                                                                                                                                                                                                                      |
| OS / Power Supply | Android 11.0 / Power supply: AC 100-240V/3.5A, Output DC12V 5A                                                                                                                                                                                                                  |
| In/Out Ports      | USB2.0 x 5, COM x 2, RJ11/12, LAN 10/100 Mbps (RTL8201F), TF Card x 1, SIM x 1, Audio x 1, DC Jack 12V, Wi-Fi IEEE802.11b/g and Blue Tooth 4.0 as standard                                                                                                                      |
| Environment       | Operating Temperature: 0°C - 40°C, Storage temperature: -40°C - 50°C                                                                                                                                                                                                            |
| Dimension/Weight  | 280-380 (W) x 270-400 (D) x 480-580 (H)mm Net Weight: 7.4kg with Second Display                                                                                                                                                                                                 |
